

Emergency Hospital Locations

Should a medical emergency occur at the field, please contact the Field Coordinator positioned at your field or send for help from the Tournament Headquarters Tent adjacent to Field 2. We have radio communications with our onsite trainer and will assist in getting help if needed. Our recommendation to any serious field injury is for the Coach to get the parent involved as soon as possible especially if it involved any neck or back injuries. These directions may be given to a parent for their assistance in treatment of non-critical injuries. There will be additional copies available at the Tournament Headquarters Tent.

**All Directions are from the main Edison High School parking lot exiting on Magnolia Avenue.
From there, follow the instructions outlined below:**

HOAG HOSPITAL (Trauma Center) Closest to Site. Left on Magnolia (towards Ocean). Left on Pacific Coast Highway to Superior (look left for road going up steep hill). Turn left (up the hill) to Hospital Road. Turn right. Hospital one block up on right. Turn into Hospital Entrance Emergency Room straight forward.
